ABOUT US

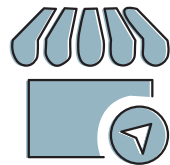

Utilising our fully equipped in-house workshop team members who have a large range of skills, we can custom make anything your heart desires. Woodwork, welding, painting, spraying, CNC and laser cutting – the sky is the limit.

All our work is designed and manufactured in-house, which means we can ensure a very high standard and we ship our items across SA!

We offer full concept development, custom design, building and manufacturing, hiring and much more for our brand clients to assist with the following:

WHAT MAKES US DIFFERENT

We have a dedicated creative team that assists with conceptualisation + design.

We create realistic 3D renders to accompany your quote.

We manufacture with wood, steel, perspex & more in-house at our very own workshop.

We can guarantee super friendly service & great quality.
